ens, in Twelve Large and Handsome Volumes, with a year's subscription to this paper, for a trifle more than our regular subscription price. Our great offer to subscribers eclipses any ever heretofore made. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has wen the fame that he achieved, and his works are even nore popular to-day than during his lifetime. They abound in wit, humor, pathes, masterly delineation of character. vivid descriptions of places and incidents. thrilling and skillfully wrought plots. Each book is intensely interesting. No homeshould be without a set of these great and remark-

able works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type The twelve volumes contain the following world-famous works, each one of which is pub-

lished complete, unchanged, and absolutely unairridged: DAVID COPPERFIELD, MARTIN CHUZZLEWIT, NICHOLAS NICKELBY, DOMBEY AND SON, BLEAK HOUSE. LITTLE DORRIT. OUR MUTUAL FRIEND,

PICKWICK PAPERS, The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxur • but now, owing to the use of modern improved printing, folding and stitching machinery, me extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.
